Dr. Michael Thoburn  
President  
Ontario Medical Association

Dear Dr. Thoburn,

I have asked you to meet to discuss the ongoing physical and emotional abuse of persons disabled by environmental sensitivities by some of your members.

This abuse includes the abuse of children with disabilities.

A provincial study in 1985 recommended remedial education for doctors on the subject of environmental sensitivities, in light of submissions describing how abuse by doctors has contributed to suicides.

Your cruelty in refusing to discuss abuse involving disabled persons, including children, by some of your members, continues to astonish.

Chris Brown  
(705) 658-4649 (temporary)  
Ottawa Branch President
